

Sheraton

July 11, 2011

To Whom It May Concern:

I am writing today regarding Advanced Structural Drying Technologies, Inc., and its owner, Gary King, who has provided a variety of services including carpet cleaning and water damage recovery to the Sheraton Nashville Downtown Hotel.

Gary and his team consistently deliver a high level of service and are always willing to accommodate last minute and urgent requests so that we can maintain our high level of standards with the least amount of down time and inconvenience to both the staff and guests. We have always found him to serve our needs well and do so in a friendly and efficient manner.

We are confident in his abilities and would recommend his talents and service.

Sincerely,

Frank Adams
Hotel Manager
